This is a Licence under the JTT Base Licence Agreement (the "Agreement"). Terms used in this Licence have the meaning given to them in the Agreement and in the Appendix below.

1. In consideration of the payment of the Fees, and subject to the limitations below, we license you to use the Font and its related Software:
(a) to use or embed the Font in a digital Product, in outline or as a rasterised image, in view and print form only, securely so the Font cannot be extracted, is non-editable, and cannot be downloaded, removed or accessed in a useable form, and is not part of an App Product, a Commercial Product or an Electronic Publication; provided that your rights as expressed above apply only to a Font sub-set: you must never embed or include the entire Font set in any file that is accessible to others; and
(b) to include the Font in a non-digital, tangible product in which no element of the Software is included, and which is not a Commercial Product.

2. This Licence is limited to the Maximum Usage. You undertake that all devices are owned by you (and not by any other person or entity).

3. You agree that there must be no more than the following:
(a) up to, but no more than, that Maximum Usage number of separate copies of the Software and Fonts available for use on separate devices (such as on the hard drives of a personal or laptop computer); or instead, where devices are networked,
(b) no more than that number of devices capable of making any use of the Software or the Fonts at any time, whether by means of a centrally-held copy or otherwise.

4. This Licence does not permit you to use or allow the use of Software or any Font in any of the following ways (unless you have entered into a separate Licence from JTT authorising you to do so):
(a) so that it may be accessed through a server or similar to edit, render or display content
(b) in an Electronic Publication
(c) in an App Product, or a physical Product such as an eReader
(d) in a Commercial Product
(e) in TV broadcasting
(f) to render and display web content as live searchable or selectable text
(g) to make a font available to or distribute it to any device or entity that is not licensed to use the font, or otherwise share use with another entity;
(h) to embed a sub-set of a font, its outlines or a rasterised image in a Product such that any element of the Software may be repurposed;
(i) to embed a font in a Product where information can be updated and displayed using the font;
(j) to use a Font in connection with font replacement technologies;
(k) to embed a Font in any Adobe Flash (SWF) based, or similar or related technologies;
(l) to make any work that is derivative of a Font, Font image or the Software; or
(m) make embedded use of any Font or Software on the internet, or modify or convert it into any format that permits embedding or font linking.
